In Debtor Nation, Louis Hyman provides a history of personal debt in America. His story begins in the early twentieth century, when debt was first institutionalized in the United States, and ends in the late twentieth century, when debt took on its contemporary form. Hyman's thesis can be divided into two parts: first, he argues that the transformation of personal debt into a "legal, sellable, and profitable" enterprise, made possible by credit, was central in shaping the contemporary ...
