The GeoServer developers and community. So many have contributed to bringing this software to this point. Specifically, Andrea Aime, Chris Holmes, Gabrel Roldan, and David Winslow have fielded my questions on GeoServer's mailing list and in IRC. Their tireless commitment to the GeoServer project has helped me and so many others immensely.

GeoServer Beginner's Guide. by Stefano Lacovella ...

Geographic coordinate systems: These use latitude and longitude as angles measured from the Earth's center, as we saw

previously. A geographic coordinate system is substantially defined by the ellipsoid used to model the Earth, and the position of the ellipsoid positioned relative to the center of the Earth called the datum.; Projected coordinate systems: These are defined on a flat two ...
