Head First: Well, give us the gist. JavaScript: Let me just say this, JavaScript was built to live in a dynamic web environment, an exciting environment where users interact with a page, where data is coming in on the fly, where many types of events happen, and the language reflects that style of programming. You'll get it a little more a bit later in the book when you understand JavaScript more. Head First: Okay, to hear you tell it, you're the perfect language. Is that right?
