Wildlife - Washakie County Conservation District

Take-Along Guide to Snakes, Salamanders and Lizards The popular Take-Along Guide series introduces children to “reading” who lives in a given environment by looking for clues. This captivating title offers descriptions of common reptile species, tips on locating them, and discussions on food habits and ecology.

Bing: Snakes Salamanders Lizards Take Along

Each book deals with three types of animal, such as snakes, salamanders and lizards. They are separated into sections dealing with each type. At the end of the section is a wonderful hands-on project the child can basically do on their own within the recommended age group (9-12) or with some assistance for a younger age group like my daughter.

This fabulous Take-Along guide combines all the best elements of non-fiction, craft books, picture books, and nature guides. Illustrations fill the pages that give descriptions of what specific snakes, salamanders and lizards look like, as well as what they eat and where to find them. Crafts are interspersed throughout, giving children something in nature to look for and look forward to making ...

Snakes, Salamanders and Lizards: Diane L. Burns ...

The sketches are charming, yet accurate. The information is geared to what a child might want to know, yet it is complete and it doesn't talk down to children. I'm not sure why they included salamanders (amphibians) along with snakes and lizards (reptiles), except for the fact that they're all long with pointy noses, but that's my only complaint.

Snakes, Salamanders & Lizards by Diane L. Burns

Shelves: 1st-grade, science, botany, insects-and-bugs, amphibians, ages-18mo-to-3-years, reptiles, mammals, animals Purchased because it was nearly as cheap as getting the one on our book list for Memoria Press First Grade.
