Taiwan or Nigeria will learn about the literatures of the world through English translations organized by the United States" (Spivak, xii) have no basis in the reality of anthologies, their distribution, or their actual use.)

World Mythology: Rosenberg, Donna: 9780844257679: Amazon ...

World literature is used to refer to the total of the world's national literature and the circulation of works into the wider world beyond their country of origin. In the past, it primarily referred to the masterpieces of Western European literature; however, world literature today is increasingly seen in an international context. Now, readers have access to a wide range of global works in various translations. Many scholars assert that what makes a work considered world literature is its circula
